The Madawaska River rushes with up to Class III rapids. You've chosen your boat—will it be a 2-hour guided river trip in a raft? Or a full day of learning to paddle your own boat?

Canada was forged through canoe travel along wild waterways—from First Nations to fur traders and beyond. Be a part of this heritage adventure. Experience Madawaska Kanu Centre—the world's first whitewater kayak & canoe school where programs can range from 1-day to weeklong active vacations that will exhilarate, rejuvenate and welcome you into the River World!

The MKC chalet is the hub of activity, fireplace lounge with sixty years of paddling literature, homecooked meals in the post & beam dining room or on the expansive deck where you can hear the river. Gather your rental gear or purchase last minute supplies in the river shop, order a latte at the Café, and head to the river, just steps away.
